

Operation Dignity: **BEAUTY DAY** Drive

As part of HOPE Ministry's goals, we want to share the gospel with the homeless women we encounter. In doing this, we pray through personal witness, along with bible studies, we can give them a foundation to build on. What God does in the spiritual, He also does in the natural. So, we also want to give them clothing foundations such as bras, undergarments, etc.. We believe that a certain amount of dignity can be restored to these women who have so little. It is our belief this will be a step towards making these women feel valuable and whole. Operation Dignity was born out of this desire. We plan to take up a collection of these items to begin to distribute on Beauty Day the first Saturday in May.
